# Have you ever wished you could draw this well?

## How do you know you couldn't?

If you like to draw, you've probably tried your hand more than once at sketching scenes like the one above. But, chances are, you've run into problems—like getting buildings to “float” into the background, for example. Or making water glisten the way it should. And after trying unsuccessfully a number of times, you may have decided that you just “haven't got it”...that you'd never make it as an artist.

That decision could be a serious mistake. For all you may need to get on the right track is some expert help...a few pencil touches, a few words of advice from a skilled art instructor who can tell you exactly what you're doing wrong, and show you exactly what you should do to correct it.

### Famous artists want to help you

Now a group of famous artists want to bring you this kind of help, no matter where you live or what your schedule. They've developed a way to teach you right at home the secrets of drawing and painting with real professional skill.

Among the famous artists are Norman

Rockwell, Dong Kingman, Bob Peak, Fred Luidekens and a number of others. They've long known that there are talented people everywhere who could become, and should become, artists—but who don't do so because they can't overcome the drawing “road-blocks” in their path. Some of these people think it's a lack of talent that's holding them back. Others realize they have talent, but can't leave their homes or jobs to get the training they need to develop it.

### A practical answer to this problem

To help such people, the famous artists formed the Famous Artists School. Taking time off from their own careers, they poured everything they knew about drawing and painting into a priceless series of home-study lessons. They illustrated the lessons with over 5,000 drawings. And they devised a method of constructive criticism that is almost as personal as private tutoring.

Each assignment you send to the Famous Artists School receives the individual attention of an instructor who is himself a working professional artist. He actually draws or

paints his suggestions for improvement, and then writes you a friendly letter of specific advice and encouragement.

This method of personalized training has helped hundreds of people who were once awkward amateurs to become polished professional full-time and part-time artists.

### They went from “dabblers” to successful professionals

Take Mrs. Nancy K. Houston, of Manchester, Ga., for example. A few years ago, she had “absolutely no knowledge of how to develop my small latent talent.” Today Mrs. Houston sells portraits to people as far away as New York, Texas and California. Anthony Fotia, of New York City, was a mail clerk, “stuck” in a low-pay routine job. Today, he's an artist for an important printing firm doing exciting creative work. And Mrs. R. G. Des Ermia, of Escondido, Calif., changed from a “nameless, faceless dabbler in art to a recognized professional.” Now she averages \$1,500 a year from all the part-time art work she has time for.

**Find out if you, too,  
have art talent.  
Send for our free test**

To help you find out whether you, too, have the talent to develop professional skill in art, the famous artists have created the fascinating Art Talent Test shown at right. It is offered free, and will be graded without charge by a member of the School's staff. If you do well, or can offer other evidence of art talent, you may enroll for training. But there is no obligation to do so. For a free copy of the test, and a brochure describing the School, just fill out the coupon and mail it in an envelope today.

# NOTHING LIKE

Reading is the fun thing these days. Since Carol Martin (brunette) and Sherrie Wolfe are hip, they naturally want in on the fun.

"A side benefit is exercise," Sherrie demonstrates above. Below: Carol is having problems till roommate Sherrie tells her the book is upside down.

# A GOOD BOOK

Sherrie prefers science fiction. "My hero was always Buck Rogers," she adds. Carol, on the other hand, is a bug on romance books . . . "because they have happy endings." The girls have set aside Thursday nights for several hours of hard and steady reading. Since they are at their apartment and quite alone, naturally they wish to be as comfortable as possible. What more sensible way than as you see them now?

Part 1  
of 2

While Thursdays, as they said, are reading nights, Tuesdays are devoted to exercise—the book-on-head bit. Great for the neck. Sherrie also claims it gives you a muscle-bound scalp!

# WORTH A BATTLE

---

In this day of mixed emotions about what is worth fighting for and what is not worth a fight, it's kind of hard for the average guy to make up his mind just where to draw the line when it comes to a showdown or a confrontation. And although learned historians would have us believe that most wars are fought over un-sexy old real estate, there are a few who have a sneaking suspicion that this is not entirely true. For example: Helen of Troy had a face that launched a thousand ships into war. And right here is another fine example. She's the smooth and shapely Justine Battle, and once you've met her you'll agree that she's really worth fighting for!

Not only is the lovely Miss Battle most generously endowed with all of the female-type attributes that any red-blooded male could want, she has a warm and wonderful personality and is so easy on the eyes.

With a name like Battle, one might expect this lissome lovely to be a bit pugnacious; however, she's quite the opposite and even avoids the small spats. Justine believes in the slogan, "Make love, not war."

Although I'm not a flower girl or a yippee, I do love all kinds of flowers and the feeling of freedom when I'm nude."

"If people spent more time enjoying nature, they wouldn't try to destroy it," she says.

"I'm one Battle who loves peace," says the jovial Justine. "War is such a waste of everything, including the males."

# GETTING TO KNOW HER

Take a long-g-g-g look at a genuine corn-fed blonde from Nebraska. Her name is Roselle Powell, age 20. As you can see Roselle has a lovely back, pretty toes, too. But when gazing upon a naked minx a male is prone to want to see more than just her back and toes, right? And you will, by simply turning the page!

(see next page)

Getting to know  
her or you.  
is how the old  
song goes. So we  
asked Roselle and  
got this reply  
Hips, 35 , waist,  
22 , and bust, a  
bountiful 37 .

Roselle was born in Lincoln, attended the local schools,  
and is now working in a downtown area greeting card store.

This charmer is in love with her home state—the fresh air,  
open sky—and it is in Nebraska that she intends to stay.  
Even so all is not roses and Roselle does have a complaint.

"Men, the local men!" pouts this blonde-haired beauty. "They're my chief complaint. Would you believe I have to almost hog-tie a guy before he'll come on strong. I wish for a change I had a date who'd give me a hard time of it!" That's her squawk. Maybe some of you fellows could help her out. For sure, a girl like Roselle deserves MORE than she's getting!

When your steady bird tells you her measurements, how much do you really find out? Not much really.

Roselle gives her bust size as 37 inches. Now another female might read off a whopping 47 inches and might still be as flat as a 2x4 if she has a broad back. To coin a popular cliché: "It's what's up front that counts!" So the next time don't ask—

tape rules, you can inform your girl, are grossly inaccurate besides misleading. Only way a guy can be absolutely sure of his bird's endowments is via a visual inspection. And

most females, you'll find, are understanding creatures. They know how nagging doubts can upset their man. So much for today's lesson in female anatomy. Your editor here enjoys throwing in helpful tidbits here and there for the benefit of our beloved readers. By the way when Roselle says 37 inches, my friend—forget about the back syndrome!

# THE NEW BREED

Are you ready?? Are you cued up and set for this scintillating new sect of super-sensationals called "The New Breed?" Far from being female activists, these feline fantasies are active females who dig male animals.

If you're tired of hearing about the militant women's activist movement, then your appreciation will double as you look at jet-lined Julie Martin. (above foto)

The only movement a beauty like Ursula Bonay is interested in, is a move outdoors where she can enjoy sun and air like she's doing in pic above.

In the foto on the left is luscious Liz Sims who is stacked like the new-mown hay on her uncle's farm. It's where she goes to bail out of town.

**Lissome Donja Leba** digs the great outdoors so much that she's a girl guide in a mountain resort. It's a shame that she knows the area so well as it would be real fun to get lost with her.

And **Jessica Chatterton** gets that happy and healthy glow by spending most of her off-hours working for the Sierra Foundation. She says, "If you're going to fight for something, fight to save Mother Nature."

**Mae Fielder** here is the choice that most guys would make for the girl they'd most like to be saved by—she's a swimming instructor and life guard at a kids' camp.

# READY FOR A SHOOT-OUT?

Not a bit gun shy is Sally Milner as she bares a beautiful pair of 38's and whips her trusty Colt from her well-upholstered hips. Sally's a Wild West nut who can name every character who ever appeared in "Gunsmoke," "Bonanza" or "Have Gun, Will Travel." She dreams of starring in a TV out-burner herself.

She's 38-23-37 caliber in bust, waist and hips—which means Sally has enough ammunition there to score a direct hit.

Marshal Dillon spells "Man" to Sally, and Wyatt Earp can put handcuffs on her any time he has a hankering to do so!

How she'd to ride through the chaparral with Little Joe or be carried over the threshold by "Hoss." And if they knew about it, we'll bet they would gladly oblige!

Sally's a part-time model, part-time typist and full-time dreamer of sagebrush sagas in which she is the heroine. She's going to drama school—to make her dreams come true.

# A Tale For Playboys WHEN WILL A GAL SWINGER CHEAT?

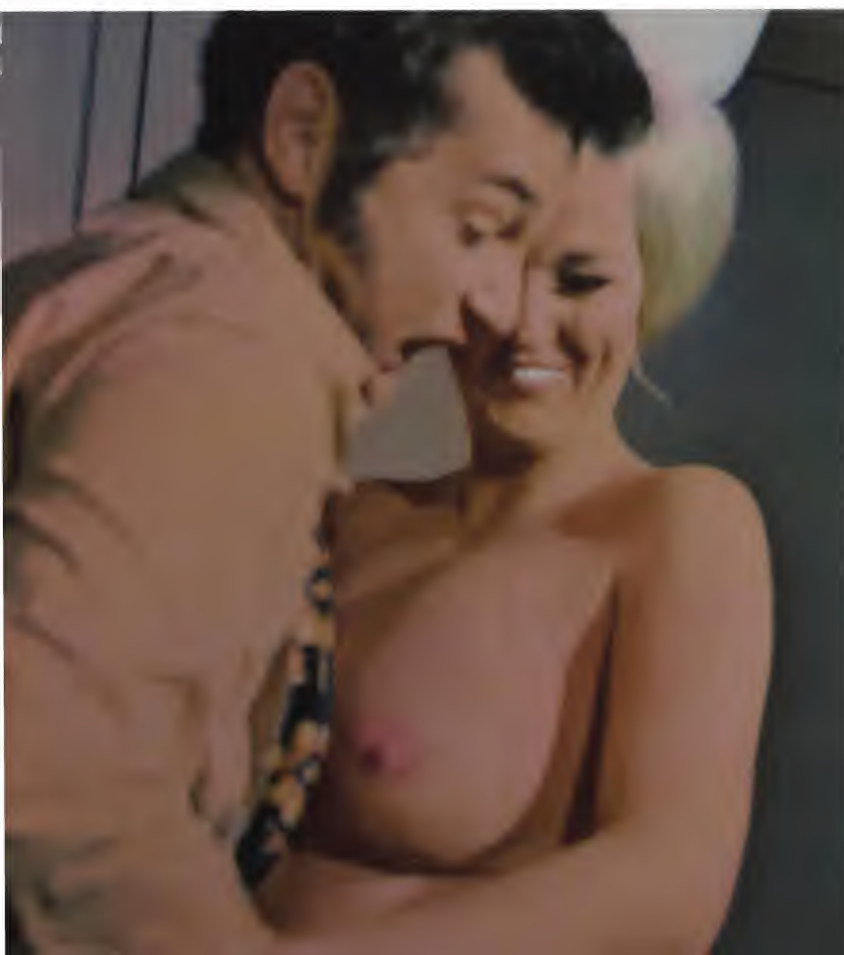

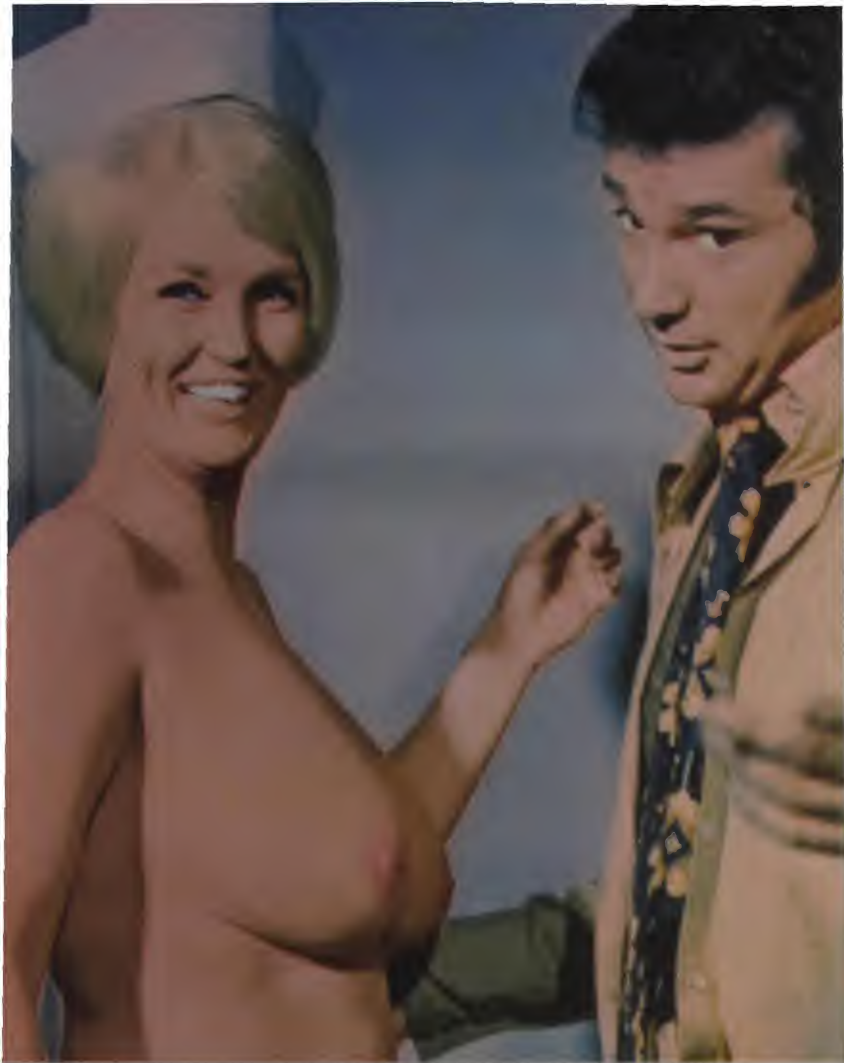

"Once upon a time there were three little bares and they all worked together, lived together and slept together. Everything was going along fine until one day their papa bore decided to check up on them to see if they were sleeping with anybody else and that opened a new can of porridge."

Naturally the third little bare was not going to let the blondes have all the fun so she decided to check out this friendly wolf to see what all the howling was about. So she slept over too."

It seems that the two little blonde bares wanted to find out if blondes have more fun than other bares so they set out to find the friendly wolf who sure is easy to locate if you're looking for fun. The first little bare found his drinks too hard and his bed too soft, so she spent the night in his lair. The other little bare met the same wolf at a party and agreed to go for a skinny-dip. She found the water too cold and his bed too warm. It was the same story

This adult type fairy tale is all part of the plot in a new skin flick called, "A Fairy Tale For Adults." The story concerns a very wealthy and famous fashion designer who has designs on his three lush and lovely female assistants. Unfortunately Henry Wakefield, our wily wolf in the "she's clothing business," is lying flat on his back in a hospital bed with a malady that his doctors have diagnosed as terminal. While waiting for death, he decides to settle his estate, leaving all of his wealth to his three swinging assistants. Of course there has to be a catch in it—a proviso stating that if they want to inherit all that bread, they must never have intercourse with a man. Next, to test them he hires a handsome lothario to woo and wine the women so that he can check out their loyalty. The story continues with him trying to break down each of the gals.

(see next page)

As the setting changes from swank hotels to fabulous cabana clubs to intimate and torrid love scenes—all bathed in gay and exciting color—we see our impostor break down the resistance of each gal while he breaks the will of Wakefield, thus leaving each, in turn, cut out of her inheritance. Of course, with so much fun and frolic going on, it wouldn't be fair not to have a happy ending to this sex romp. So, meanwhile, at the hospital

The doctors are chagrined to find that they have erred in diagnosing Wakefield's illness and actually he is well enough to leave the hospital immediately—and in the pink of condition.

And meanwhile, back at the girls, Wakefield's will-breaker's been busy getting the gals to break their promises again and again. Enter Wakefield to learn that his swingers have swung.

The film ends up in a wild encounter—with all of the principals having a ball—which all goes to prove that where there's a will there's always a way a swinger will cheat.

# WYLDE IS

# WILD

And not only that—she is but the wildest! Even the jaded movie press agents say that the vivacious and charming Anna Wylde is the greatest find since Stanley found Dr. Livingstone. We presume they are correct.

Anna's start in the picture business was a little different than most gal 'discoveries.' She went as a substitute baby-sitter for her room-mate. The baby's daddy turned out to be a pix producer.

The strange flip of fate was that Anna's room-mate was the one with ambition to become an actress. When Anna came home and told her the baby's dad just offered her a screen test, the poor gal fainted.

"The funny thing about it," smiled Anna, "is I really didn't want to do the baby-sitting bit, either, but I let my roomie talk me in to it. She had a date to see a Dodgers' game."

(see next page)

Anna passed her screen test with kudos from all of the crew in the viewing room. "I was so nervous I'm sure I didn't hear a word," says she.

Everything is working out great, Anna said. "Lee—she's my roomie—is helping me to learn acting and I'm getting her a test at the studio."

Anna's lovely features are often compared to the soft, classic and striking beauty of the former film star, Hedy Lamarr. She doesn't mind.

When asked how she feels about baby-sitting now, she said, "I feel like a politician. I'd like to kiss that baby!" What! You need a baby-sitter?

# Sun Dreams...

Our own girl-watching camera picked up this candid shot of a sun-worshipper on the Miami Beach shore. What she may be dreaming could well be anybody's guess. She identified herself simply as Helen, no last name, and she told us that she hailed from "somewhere in upstate New York." Sun-worshippers are a secretive lot it seems. However, we thanked her for the photo and the chance to share it with you.

"... but that lazy ole  
sun ain't got nothin'  
to do..." could very  
possibly be Helen's  
favorite song. She comes  
often to the sea shore  
to soak up the sun and  
to dream. She's not a  
nudist, but if no one  
is around, well...

# Two Glass Eyes For Size

Could it be possible that when  
a perfect vision of loveliness  
gives you the eye you're just  
getting a Glass-y-eye'd stare  
from a cute little Glass-er?  
Aww! You saw through the gag,  
didn't you? You knew that this  
fragile femme is Alta Glass.

There's no doubt about it, Alta is a Glass with class and even her gal friends make it crystal-clear: "When it comes to a full-blown shape, you can't cut Glass!"

And talking about wild stem wear. And is one little piece of cat who's never on the fence. If you're not one of the lucky guys who've met her, it's a tough break.

Alta Glass wears well with everyone and her sparkling personality shines through those gorgeous Glass eyes every time the fotog gets set to make a contact with his lens.

# Drape Shape

There are undoubtedly many words to describe the bountiful body of the statuesque Dorothy Otto, but most of the words in Webster's morocco-bound seem to fall short a country or two. In short, they just don't seem to measure up to her measurements. However, there is one word that pops into mind and out of mouth the moment you see her, and though it isn't a word of common usage, the word for her is *zophitic*!

In this series of photographic and photogenic studies of perfectly-proportioned Dorothy, she draped her figure with various items she found all around the fotog's studio.

When a gal has a figure like the super-structure of super-Venus, you can drape her shape in just about anything, from boa to bunting, and it still won't hide any of her outstanding lush lines.

Dorothy has the kind of zappy shape that figure fotogs like to explore from every camera angle. As the old saying goes, "Every pose is a picture and every picture is a brand new development."

When Dorothy Otto was a little girl—which is hard to imagine, if you see her very grown-up body today—she studied ballet, which accounts for her graceful pose-ability.

After Dorothy outgrew ballet classes, she decided that she would become a figure model. She's one of the best.

Along with her work as a top in her field, Dorothy—she hates to be called "Dotty"—attends classes in fashion design. "After all," says she, "the career of any model is short-lived, so I'm going to have something to fall back on." And there's a switch. Eventually she'll drape other gals' shapes.

# WHAT REALLY MAKES A GIRL SAY YES OR NO?

Gillian Bland: "I'd say it depends on a lot of things. Chiefly the mood. Soft music and candlelight will always turn me on. I also like a guy with substance; one who is gentle but firm. I detest a man who lets me boss him!"

Susan Gay: 'I would have to vote for a man's technique. That's where it's at. Some men I've dated have looked like first cousins to Count Dracula. But could some of them ever make me defrost!'

Judy Kelso (above) 'A gun maybe. I've never really said yes to any man.' My mother always told me good girls hold a man off until after the wedding. In my opinion that's what will make a girl say yes. Vera Novak (left) 'Oh I completely disagree with Judy. I think men are beautiful.' But what makes a girl say yes (and with a smile) Well, if you have to ask her, you can just bet the answer is no!

**Monica Gayle:** "Are you out of your skull? It's up to the guy really. He has to make a girl feel sexy. Otherwise it's no go!"

**Marjorie Allen:** "I've been out with an idiot who wanted to make love in a cab on Fifth Avenue; another who got passionate while riding up an elevator in the Empire State Building. Talk about nuts! So I'd say a vacant apartment would be a prerequisite." **Rena Mark (right):** "I've heard of some awfully stupid surveys in my life but you fellows really do take the cake!"

**Marie Mont:** "Seems as if every male I get turned on to is married. Usually I don't find out till later."

**Magda Kemper (above):** "Money. Plain and simple and lots of it. If a man has that—just show me a girl who's not greedy!" **Trudy Morey (at left):** "That's a good question—what makes a girl say yes? But I'm afraid I can't answer it. It would give me away far too much!"

# SNAP, CRACKLE, POP!

As any expert in nutrition will tell you, there's nothing like a staple dish. And that's why Dolly Staple is food for thought.

She's usually a packet of energy and digs most outdoor sports, but every so often she likes to relax and take it easy around the house. As she puts it, "Once in a while play it cool and stop to re-fuel."

Cereally speaking, Dolly has plenty of that snap, crackle, pop that puts a break in your breakfast and a stink in your walk.

**"The best way to fight fatigue," says Dolly, "is with a sensible exercise program and learn to relax whenever you can. But above all, eat a good breakfast—it's your most important meal." Her formula must be a good one from the way she's shaped up. She's a well-balanced treat in any super bowl and naturally sweetened.**

**In case you've been wondering why we call Dolly Staple the snap, crackle, pop girl, here's the real reason; Dolly works in the quality control department of one of our large cereal manufacturing firms where she's very pop-ular.**

# AMERICA'S SEXIEST NUDIST COLONY

Sun Villa, an hour by car from San Francisco is a special sort of nudist retreat—that caters to "singles only." Girls? In a state where the fairer sex outnumbered the lads 2 to 1, what do you think? You'll find secretaries, models, coeds and sales-girls, from 17 to 28. They—along with male singles—come to soak up the sun and to do their thing (whatever). Cost for a 3-day weekend is \$55, double occupancy. There's a pool, tennis, horseback riding (or chess for the weak and weary), and for lack of something better one can partake of the abundant, orb-pleasing scenery!

Imagine, all this and at economy rates too! Sights such as the shapely sunworshiper below are plentiful at Sun Villa. To join you need only to be: (1) single and (2) appreciative of the nude figure. And since fair is fair, you will have to be naked too. Our fearless fotog was also required to strip. He's a real trouper!

Tina, the apple muncher (top left), was introduced to nudism at Sun Villa by her sister, June, just above. June has been a nudist nearly two years, whereas Tina before was always reluctant to try it. Now both are devotees. Tina is a corporation secretary. June, an as-yet undiscovered film starlet.

A sleeping beauty was caught cat-napping near the colony's private lake. She told us that she's 21, a public school teacher, second grade, and natch, a single lass.

"Nudism is a natural state," says Zita, at right. "Certainly, there can be no coverup here." Guess not, Zita—I mean, not when everyone at the party is naked.

And there is always the olympic size pool. Well-endowed brunette above is one of the many love dolls—coming in all shapes and sizes—to be seen frolicking here.

...great sisters, but they do share an apartment together in LA. Both are airline stewardesses. Barbie  
...too much sun ( I was charred my last stay here ) while Carol just stays happy

...something to a girl's dis-  
...ays feel a reaction as well

Actress Jan Cable is also a member. While well-known for giving glamor fologs a hard time, Miss Cable didn't object one  
to this shot, surely the most revealing ever taken of her

After a 3-day weekend at Sun Villa, it's understandable why a guy might well need a hefty dose of Murine—for eye strain! And our ever-dedicated fotog had to get into pool for this closeup photo.

Although there's lots of scenery for camera bugs—and cameras are allowed—the pool is naturally the choicest local. Blonde-haired pussycat here seemed totally oblivious to flicking camera shutter. Apparently she was having too much fun to take notice.

It was the fellows who suggested it, and the girls were happy to go along—a Miss Sun Villa Nudist 1970. While 21 shapely nudes entered the contest, these four charmers were among finalists.

Strictly for dreaming,  
that's Janice Jackson.  
Certainly a fellow would  
have little difficulty conjuring up  
pleasant ideas with this charmer in  
mind. So, forget the sheep. They're  
tired of jumping over the fence,  
anyway. Concentrate only on  
Janice. She's the queen of  
the nudist colony!

# Raising A Glass

And let's propose a toast to our colorful and excitingly mod type of cover girl. Here's to her well-rounded background in the fields of arts and science. This semester finds her going for another Master. Here's to Alta Glass.

Having earned her first degree as a Master of Arts, Alta is now going for a Master of Science. A word of caution. If you should be lucky enough to meet her, don't try to give her the third degree. You've just met your master.

"If you plan to go anywhere or do anything with your life, you must start with a good educational base," says aesthetic Alta, but all the degrees in the world are not quite as important as what you learn with one lord and master."

My dad has a wild sense of humor," says Alta. "When I left for school this year he said, 'Don't riot or throw any stones. Remember, we all live in a Glass house'."

# Who Wouldn't Be Hers?

Any muscular male who wouldn't go for a luscious lolly-pop like the tasty and beautiful Barbara Allison must be living in a split-level head. This delectable doll is a veritable one-gal candy store of goodies. Barbara works in one of Manhattan's finest art galleries and lives on Long Island's North Shore, near Manhasset.

The bouncy and bubbly Barbara is as much at home in front of the camera as she is when she is behind it. Her favorite avocation is photography. She plans to become a lens gal.

These fotos are the result of a "no-show" on the part of the model who was originally scheduled to be photographed. Seems she took sick at the last minute, leaving the fotog with his lens cap down. So, turning to the built and beautiful Babs, who was assisting him, he said, "You're it, luv!" And brother, he sure said an eyeful.

# Progressive Peeling...

When you get sunburned a little at a time, that could be called progressive peeling. The same might apply to paring an orange a peel at a time. But when you watch the antics of the curvy sexpot, Paulette Vire, as she does her a-peel-ing act, man! *that* is really progressive peeling.

Paulette is "but def" another baby bare that is a honey to observe as she "takes it from the top" and continues right on down to the stare essentials in her dirobe.

See next page

This Vire is a live one when it comes to the fine and gentle art of removing the raiment. And there's nothing like a cute tease that'll please even the jaded jungle John.

As this tempestuous teaser continues her take-off, you suddenly become aware of the shape of things to come—and it's some shape.

Stocks may go up or down, depending on a bull or bear market, but stockings collect more interest in a bare market.

"The Perils of Pauline" made it in the older movies—but Paulette is a best bet for the new camera set. Roll 'em!

Though this coquette named Paulette, says she still hasn't met her "Mr. Right" yet, you can sure make a bet, that her sights are set, and she surely will get, whom she wants in her net. That's no idle threat.

Paulette says, "The trouble with a lot of marriages is that couples get into a rut instead of a groove." But she, ll keep her hubby reeling with progressive peeling!

# BALLOONACY

"When things don't go right and you start to get uptight, don't blow your cool, blow up a balloon," suggests well-rounded Robin Stodig and her ball-oony girl friend, Julie Huntington. The gals say, "Blowing up balloons is a gas and at the same time you're helping to beat the inflation rap, 'cause, like, air is free." These built and breezy beauts are ballooning out in the country-fresh air.

"What's a blow-outing in the country without a bunch of balloons to give you a lift?" says Robin (above). There's so much lunacy around these days, we're adding another one to the list and calling it balloonacy, adds Julie (below).

It's up, up and away with her beautiful balloons as Julie blows up her inhibitions and basks in the buff, enjoying the bright sunlight and the colorful balloons. She waits all week for a chance to get out of the city and head for the Hollywood hills where she can escape to nature's play ground, away from the smog and the stifling polluted air.

"I'm sure a lot of my friends will think I'm a bubble-head because I get such a blast out of balloonery, but they won't burst my bubble with that kind of hot air. Y'know, I saw that picture, "Around the World in 80 Days," and I thought, Wow! what fun it must have been to go up in those BIG gas-bags!"

If taking a trip in a big balloon is a gas for Robin Stodig—we dig! After all, with everybody doing their thing today, why can't she get a blast out of doing her thing with balloons? It's a lot safer than psyching out on a high with a hallucinogenic. Besides, Jules—Five Weeks in a Balloon—Verne would love her

# Hot For Hats

If Lydia Maserati's hats don't go to your head, this merry madcap of a gal will. Lovely Lydia is in the millinery business so naturally she's hot for hats. She swears that the reason the Mad Hatter went cuckoo and blew his cool was because his first customer was the Headless Horseman. When she isn't designing chapeaus, she's collecting them. So hats are not only her business, they're also her hobby.

Lydia claims she paid scalper's prices for the feathered bonnet she's wearing on the left but it was one toupee she wanted for her tepee. The opera hat above cost a high note.

**This straw hat ain't hay, either. She says it's the last straw in one of her summer collections. You gotta talk turkey in this straw.**

**Straw hats keep coming back and they're in style every summer. When a guy wears more than one hat it means that he's holding down several jobs, but when Lydia wears several hats it means she's holding up traffic. What guy would look at the hat when she's wearing that wild body? And here's the topper: she insists that a woman isn't really dressed without a hat.**

Flo says she always cautions her boy friends with a big tip. "Don't try to pick up this Tab until he has had the chance to check you." That adds up!

# THE DOUBLE LIFE OF A MODERN LOVE GODDESS

First we will digress upon brunette Bonnie, a product of Miami. Bonnie, 22, had been a college librarian for two years but after a while began moonlighting as a fotog's model. Now we stray to Judy, of Hollywood, same age, and a blonde who for the past four months has been an office assistant in a real estate agency. Judy's folks had been in showbiz, and this lass has a bit of talent herself. Hoping to act, she'd taken an initial plunge into the glamor field by posing for still shots—as here. Both of these charmers have a lot in common. Each had a boring job but they were both a wee bit scared to pursue full time what they really want to do. What do you think—would they make it?

(see next page)

Imagine walking  
into your local  
library and find-  
ing this behind  
the desk. Nude  
librarians, that's  
what will save  
the country! We  
could rate the  
branches like  
movies—Branch  
x Branch GP...

Judy meanwhile enjoys  
the California sun in  
a friend's pool. "I usu-  
ally skinny dip," she  
says, "because I have  
this problem with hair-  
ing suits—especially  
the tops—they're  
always too small!"

It is our learned opinion that some girls  
shouldn't wear a suit, not even a bikini.  
Judy and Bonnie are excellent examples.  
Problem is not many beaches are topless.

Two girls—a brunette librarian in Miami and a blonde secretary in Hollywood—and both are begging for an honest and frank reply from our readers to their question. On the West Coast there's Judy who wonders whether she's talented enough to quit her job to become an actress. And in Florida there was poor Bonnie, a librarian who'd been criticized by squares for her too short minis. Bonnie worked part-time as a fotog's model, and wondered if she has 'what it takes' to be a model full-time. Two lovely young things on opposite shores, distraught and hungup with identical problems!

(see next page)

It looks as though Bonnie has located a pool too. When two playful pussycats such as Bonnie and Judy get near water—swim or dry—these babes simply have to get in. Nobody seems to be complaining either!

"Sure, I was scared silly the first time I ever posed for figure shots," Judy laughed. "Being totally naked and telling this guy take your picture . . . wow! The photographer . . . tried to put me at ease. He said for me not to fret . . . only a million or so men would see the pictures!"

We've given you a complete visual rundown on Judy and Bonnie. But we left out one very important fact—they're one and the same girl! Bonnie worked as a librarian in Miami for two years. Five months ago she relocated in Hollywood, taking a job at a real estate agency. She changed the color of her hair, even her name—from Bonnie Rayburn to Judy Jones. Yet this fickle female still can't solve her other problem—whether to model and act. Think you can help her?

# WHAT'S THE THINKER THINKING?

Even though this is a statuette copy of Rodin's famous "The Thinker," he must be thinking about the statuesque figure of an original work of art like Jan Powell.

Aside from being a pretty neat work of sculpture herself, Junoesque Jan loves to collect copies of the works of all the famous masters. She said, "Naturally I wish I could afford the originals, but actually I'm happy just to be able to own copies, And let me tell you, some of them are expensive. *The Kiss* cost me \$85.00." (Come now, Mr. Rodin!)

Taking her cue from the Rembrandt masterpiece, "Aristotle Contemplating the Bust of Homer," the generously endowed Jan spends a quiet afternoon contemplating what Rodin had in mind when he sculpted "The Thinker" in his thoughtful pose.

"If he was around today," says shapely Jan, "I'll bet he'd be thinking about his taxes."

# Torrid Zone

The Venus of Milo or Melos may be on display in the Louvre, but she is still only a marble statue compared to this live and lovely Venus from Vera Cruz. The zappy Zita Franco is a recent import from Mexico.

This sensuous senorita is a torrid temptress from the torrid zone on the Gulf of Mexico. Her hometown is Jalapa, the state capital and chief port.

Zila recently shifted from the warm climate on the eastern coast of Mexico to the warm west coast of the States. She now lives in Los Angeles where she plans to go to U.C.L.A.

There's nothing chilly about this hot little chili pepper, 'cause she's the sizzlingest Mexican subject since Pancho Villa. And you can believe that she has the males all sighing for her "Si!"

Actually, it really wouldn't make any difference where Zila Franco decided to live—wherever she is, she creates her own torrid zone. She's a Mexican spitfire who loves to sing, dance and play Flamenco guitar. You can practically watch the temperature rise when she starts to sing and do her native Mexican dances. "I love the activity in the States," says Zila, "but I still like the afternoon siestas."

# Lass in the Grass

When a delectable doll like curvaceous Carol Peters goes for an outing she's a real sun dance kid. The camera eye catches Carol as she cavorts on the countryside, bringing beauty to the bucolic background. And this lass in the grass is class in the grass.

Captivating Carol is a California sun-kissed peach who, when she is not romping in a reed field, is reading her lines for flicks and TV.

As she spends a great amount of her working time in front of cameras, Carol is interested in getting out of town on weekends.

"You'd be surprised at the money I save by not having to buy lots of makeup. I let 'Old Sol' put on my no. 7 pancake," says copper Carol.

That lucky old sun got nothin' to do but apply a nice even coat of tan all over Carol's fancy figure. So no wonder it beams!

# Three On the Isle

Having three on the isle in single file is better than one in the balcony. The view is nicer.

Isle be seeing you, say lovely Joan Nichols pix above and Gloria Marlowe pix below, as they relax in their slax and their skin on a Pacific island.

In case you've ever wondered where pretty little chicks from Southern California go to get away from it all, here's a peek from Verna Wilkinson! Like a lot of other cuties, these gals escape to Catalina Island, where the scenery makes the scene.

# FIRST TIME IN AMERICA! EUROPE'S MOST BEAUTIFUL BEST SELLING SEX MANUAL! "The Pictorial Guide To Sexual Intercourse"

BY ISTVAN SCHWENDA/THOMAS LEUCHNER - INTRODUCTION BY L. R. O'CONNOR

A Triumph In Sex Education Through Full Color Photography!

Over 100 Full Color-Full Page Photographs.

For educational purposes of a live man and a live woman, together engaged in sexual intercourse positions with descriptive text!

## A TRIUMPH IN SEX EDUCATION!

This magnificent book is a step-by-step course through clear concise full-color photographs of how to engage in the many forms of physical love and sexual intercourse. It can turn dull confused routine "quickie" sex into exciting sexual episodes which continue to improve each time and provide for greater degrees of pleasure and satisfaction than you or your wife ever thought possible!

Why not enjoy all the wholesome, healthy, thoroughly satisfying sexual delights that are available to you and your sexual partner? It's all so easy and so natural provided you forget the prejudices and fallacies of the bygone eras and recognize that fact that just as there is more to life than eating and sleeping, so there is more to sex than mere "quickie" intercourse! And this is precisely the point this book brings home to you with absolute clarity.

"THE PICTORIAL GUIDE TO SEXUAL INTERCOURSE" is NOT a dull dry book of confusing sexual theory. It is a beautiful, live, clear, dynamic "HOW TO DO IT" photographic essay of step by step practical instruction. It shows in beautiful full color photographs precisely what to do and advises in straight-to-the-point plain language how and when to do it to increase not only your own pleasure and satisfaction, but the pleasure and satisfaction of your loved one.

EACH AND EVERY PHOTOGRAPH IN FULL COLOR!

NO BLACK AND WHITE PHOTOS!

**OVER 100 FULL-PAGE  
FULL-COLOR PHOTOGRAPHS!**

Many books give you sexual positions, but never like this! These positions were carefully selected to keep your sex life from becoming dull and monotonous! They are profusely illustrated in full color with magnificently beautiful photographs of live models. The vivid detailed photographs in this book show with utmost clarity how to adjust postures for the best possible matching of organs, how to make the sexual side of marriage more vibrant by introducing a variety of carresses and positions into the sexual act.

The photographs will teach you how to precisely position your body with hers! How to use your arms, legs, thighs, fingers, even the hair on your chest to increase the excitement and heighten the intensity and pleasure of the sex act. And that's only the beginning! # AN AMPLE SAMPLE

And figure-fully speaking, this voluptuous miss makes it in the round numbers of 42-27-37. Now, that's great form in any man's game.

You can bet all your merit badges and your annual subscription to Boys Life that bountiful Beverly Lewis was not behind the door when the female-type charms were passed out. This queen-size sizzler certainly got more than a sample.

★ So let the astronauts collect rock samples on the moon while the earthbound guys can go into orbit by just picking up a solid sample like Bev Lewis

There's nothing like the full-bodied beauty of a product—especially if it's a girl—in a very attractive package. . . .

If Helen of Troy had a face that could launch 1000 ships, Bev's body could bring them back.

## Does This Film Club Ad Offer **PORNOGRAPHY?**

We don't think so. Not when movies depicting Lesbianism, Homosexuality, the sex act and perversions are acceptable in neighborhood theaters. MKC is a private, "closed circle" Film Club providing mature adults confidentially, with advanced sex oriented films NOT produced for general viewing. Regarding their legality we quote a recent U.S. Supreme Court ruling: "If the First Amendment means anything . . . a state has no business telling a man, sitting alone in his own house, what . . . films he may watch".

MKC must insist that its films be viewed privately, not for profit. If you are an Advanced Collector of erotica, an extremely broadminded adult, then we invite your membership. Big Preview Film or 8 mm. Viewer Projector and club details are FREE.

Cherie, measuring 38-25-37 inches, always locates a secluded section of the beach. When she sunbathes, she does it in the same way that she does any other kind of bathing—in the nude. But take heart. Cherie blisters easy, so she invariably needs someone nearby to apply the suntan lotion.

Cherie Olson is a beach bug. See the beach? See Cherie? One fascinating fact about this charmer is that she will not under any circumstances encumber herself with a suit—not even an itty-bitty bikini. She digs the sun. So, fellows, take a hint. If you're ever lucky enough to date Cherie—suggest the beach!

## WHO'S DUNE WHAT?

# I'll Make You a Master of CHINESE KUNG-FU

... the Oriental ART of INSTANTANEOUS DEATH that is applied with NO Bodily Contact

the Chinese method of Attack and Self-Defense kept so secret that it has been handed down in China only from father to son because of its DEADLY power to disable or kill! Now these devastatingly brilliant secrets that require NO PHYSICAL STRENGTH OR EXERTION are revealed to you in the English language by a KUNG-FU Master who dares to teach you AT HIS RISK!

## What IS Kung-FU?

KUNG-FU is the most DEADLY form of defense and attack ever devised! Even a Karate, Savate or Judo expert shudders at the thought of meeting a KUNG-FU master because he knows who the winner will be! With just a basic knowledge of KUNG-FU learned easily in the privacy of your home, this FAST, EASY, PICTURE WAY, you can beat hoodlums, OUTFIGHT TWO, THREE and even FOUR Karate or Judo experts, Professional Wrestlers or Boxers!

When CHINESE KUNG-FU arrives in your mail, you turn to page 87 and look at the easy-to-understand photo illustrations. INSTANTLY you see how easily you can turn your opponents attack into a CRIPPLING blow to his chest—a maneuver you can perform in just a few minutes of practice! A few pages later I show you how to escape a deadly strangle-hold quickly and easily by slamming your attacker into the ground!

all this without working up a sweat or even spoiling the crease in your trousers. That's because brilliantly executed KUNG-FU requires NO bodily contact... virtually NO physical exertion... and almost NO application of your body or hands! And yet KUNG-FU can be deadly, crippling and disastrous to any unfortunate opponent who is foolish enough to threaten you with ANY other technique, such as punching, Savate, Judo, Wrestling, etc! Yes, with the confidence that KUNG-FU can give you, you can walk the streets with the knowledge that NOTHING can frighten you that you can deal with ANY man, ANY weapon, ANY situation! Your friends and loved ones will be proud of you with your new power.

## Nothing Else To Buy!

KUNG-FU is complete—there is NOTHING else to buy—ever! You don't have to practice on dummies and you need no apparatus. Once you receive CHINESE KUNG-FU you can throw away all the other courses on Self-Defense you have ever bought—because NONE compares with KUNG-FU! KUNG-FU is effective whether you're standing, sitting or even LYING DOWN ASLEEP and OFF GUARD!

It was originally decided to offer the complete KUNG-FU instruction at \$10.00—a TREMENDOUS bargain at that price. However, to make it available to good citizens who want to use these secret maneuvers for self-defense and to help combat the ever-increasing crime rate, we are making KUNG-FU available now at the amazingly low price of just \$3.98. If you and your friends don't say that KUNG-FU has made a NEW MAN out of you, every cent you have paid will be refunded without question! Don't even bother returning the KUNG-FU book. Just tear off the front cover and mail back to us for a full, no questions asked refund. We'll take your word for it. MAIL COUPON NOW! AIR MAIL reaches us overnight.

## Protect Yourself and Your Loved Ones!

Containing more than 150 step-by-step LIVE-ACTION and SLOW MOTION PHOTOS your personal KUNG-FU Master Instructor takes you by your hand and shows you in plain, clear and simple, easy to understand language how to use highly secret KUNG-FU to multiply your power a THOUSANDFOLD. You learn how to handle a small mob of attackers who are fully armed and even pinning you to the ground... send another flying through the air and slam a third into the ground—all in a split second of KUNG FU maneuver that will take your attackers by surprise!

## Never Be Afraid Again!

Secretly written in the Orient the contents of this amazing "how-to" picture book was shipped to Hawaii, where it was printed under cover away from prying eyes, then sent to the U. S. for limited distribution to those who agree to apply KUNG-FU ONLY FOR SELF-DEFENSE! If you were fortunate enough to be able to go to China, Hong Kong or Hawaii to take this amazing course—and were willing to pay \$500 or even \$1,000 to your KUNG-FU Master—you would be refused, because KUNG-FU secrets are NEVER taught to strangers or outsiders! Because KUNG-FU is deadly beyond imagination (and since attack as well as defense is taught) only a small limited edition has been printed. Frankly we don't want just everybody to learn these secret maneuvers.

KUNG-FU will NOT be sold in any more, and is available ONLY by mail to serious students who must vow NEVER to use it as an aggressor—but only as self-defense to protect himself, his friends and family. We don't ever want a criminal or hoodlum to be able to buy it because of its deadly power.

## Become a NEW MAN!

Our streets aren't safe today. Crime increases daily. You no longer have to be helpless, ashamed or humiliated—and look pitiful in the eyes of your friends. Protect yourself, your family, your girl friend from hoodlums and wisecracking bullies. With KUNG-FU you can use the hidden power that lies within you to master every situation! You'll laugh as you send bullies and criminals flying in terror, and you'll walk the streets happy, calm and confident in your new power! And you'll do
